

CHILDREN

ART

Cartooning & Animation

7-12 yrs

Cartooning & Animation is a well established program of AVC. We are offering a high-tech format involving iPads, stands, and iMacs- ground breaking technology which bridges real and digital realms. This program is designed for young animators who are keen to learn Disney's way of hand drawing in sequence following their favorite animated movies. Students are hands on in every aspect to bring their cartoons to life. They will create their own short films and edit their clips with sounds, music, voice over, special effect, etc. Once the project is complete, it will be posted online as well as handed out on USB. The program is designed for everyone who enjoys drawing and technology. No experience is necessary.

Outdoor Drawing Class

7-12 yrs

In this class we will go outside around Kerrisdale CC and draw from life. We will pick a different outside area each week and if the weather is especially bad we will take some natural items and bring them to the classroom to investigate and draw. Focus will be placed on line and mark making through activities, exploration and discovery. Students are required to have a small travel sized sketch book, pencils, erasers and to dress for the weather.
