Community Forum: The Arts & Emergency Resilience

All Ages

As unlikely as it may seem, artists - past and present - are contributing to mitigating risks, promoting healing, and building civil society before, during, and after emergencies, whether natural, human-made, or technological. Through multimedia presentation and active discussion, The Arts and Emergency Resilience will explore some remarkable stories featuring artists from all over the world. These are stories about artists working to re-imagine and recreate the social and cultural fabric of their communities as they help re-build public infrastructure, heal unspeakable physical and psychological trauma, and give new voice to the forgotten and disappeared. This forum will explore cultural development strategies used in communities in crises around the world that can be applied to the Kerrisdale community facing earthquake and emergency preparedness.

Kerrisdale Community Garden

We grow pumpkins for schools in our community.

<https://kerrisdalecommunitygarden.wordpress.com/>

Kerrisdale Community Garden (KCG) is a collectively-run volunteer group bringing together all types of gardeners from the community. Our shared goals are improved access to gardening land for local people and enrichment of Kerrisdale's accessible public green space. Community members are welcome to enjoy our garden in every season.

Come and visit us at our garden.

We are located at 60 Ave & Angus

In fall we wrap up our growing season. The garden is still busy and you will see many of us working around the garden.

Come and say hello.
